CCAPDEV MP Specifications

Benedictos, Cagaoan, Montecillo

Online ticket seller (Ticket or leave it)
Ticket reservation system where users can buy seats to a specific movie and time. The website also provides reviews given by other users.

Features

Register
Website users need to register to be able to use the online ticket seller. The user must enter their first and last names, username, email, mobile number, and password. Users will be sent an email to verify their accounts.

Log in
Registered users can log in to their account and make reservations under their name and email address. Registered users need to log in to their accounts in order to make reservations and add reviews to movies.

Log out
Registered users can log out of their account.

Calendar
Website users can check the site's calendar to view upcoming shows they can book tickets from. It displays all movies currently showing for the entire week. It updates every day. For example, when Thursday ends, all movies showing on Thursday will be updated to next Thursday. Furthermore, clicking on the show will redirect the users to the movie page where schedules, reviews and ratings, and trailer will be shown. Users can reserve by clicking on the posters below the page with their corresponding dates.

View show's available seats
Displays all the available and unavailable seats to the registered user. Available seats will be marked as green while unavailable seats will be marked with red.

Buy ticket reservation
Users can opt to buy an available seat from a given show and time. If a user decides to buy a ticket, the quantity of the show ticket will be asked and he/she will be led to a payment gateway. Users opting to pay via credit card will be directed to a payment site while users choosing to pay over-the-counter will be sent a receipt to show to the cinema's counter.

View ticket reservations
Users can check information about their reserved tickets.

Add reviews and ratings
Website users can leave a review as well as star ratings of the show.

Remove reviews
Users can only remove their own review of the show.

Admin
Admin options
The admin is able to add, edit, and delete movies, as well as add and delete shows.

Add Movie
Admin will have to input the following details to create the movie: Movie title, Genres, Synopsis, Casts, URL link to the trailer, and the Movie poster/cover art.

Edit Movie
Admin can edit the details of previously created Movies.

Delete Movie
Admin can delete created movies. This will remove all reviews, tickets, seats, and shows linked to the movie.

Add Shows
Admin will have to input the movieID, date, and time to create the show.

Delete Show
Admin can delete shows. This will remove all reviews, tickets, and seats linked to the show.

General
Good user experience. Visitors can easily navigate without help, all information is easy to access. Good visual design. Design suits the theme of the application, and is cohesive and consistent across the whole application.
